COMMUNICATION, FORWARD AND BACKWARD

It has been said before that it does not matter how good or important information is, if it is not perceived to have value to the audience. Sometimes that “value” is simply delivering the message in a manner that is entertaining and makes people want to listen.

We try to change the Fall Seminar enough each year so that it is not “the same old thing” every time. We want the experience to be informative, interesting and entertaining. Regardless of whether this is your first Fall Seminar, or if you’ve been here 10 times before, we want everyone to enjoy the event and feel engaged.

We cannot cover every subject or scenario in a single day. Long after the seminar is over, officers have numerous resources to consult when they have a question or need a little help. Former officers and long-time members can offer a wealth of experience and advice. Checking with the state office is always an option as well. The best resources are the Guidebook and the seminar workbook. These “cookbook” documents provide “recipes” for just about anything you may encounter in your capacity as a representative of ABATE of Indiana.

There are several “mainstays” of the Fall Seminar. These are the things that we pretty much need to cover every year, even though they don’t really change a great deal. Beyond that, we work hard to vary the presentation as much as possible to keep it “fresh”.

If you attended in 2020, we borrowed the theme “And now for something completely different” from Monty Python. The global pandemic forced that to be more true than we imagined. While COVID-19 continues, most things in our society have returned more toward “normal”. We will encourage people to take the precautions that they feel necessary and appropriate, but the gathering will have a little more of the traditional feel.

To keep everyone’s attention, we are putting a new spin on the Fall Seminar for 2021, literally. We are going to turn it around 180 degrees. That’s right, we’re running the seminar backwards. Hang on tight and see if you can keep up with the reverse direction activities, plus some surprises along the way.

The theme this year is COMMUNICATION. How to relate to your members, how to interact with governmental agencies, how to report to the state office, how to share with the general public and how to... well... talk to people.

**THANKS FOR ALL THAT YOU
DO FOR ABATE OF
INDIANA, AND
ALL ASPECTS OF
MOTORCYCLING.**

**"Liberty means responsibility.
That's why most men dread it"**
— George Bernard Shaw

The primary mission

of ABATE of Indiana is to protect and promote motorcycling so future generations are able to enjoy the freedom of the road. A very important aspect of this is to support legislation which is positive toward motorcycling and oppose that which is detrimental. We have been successful for many years utilizing grassroots lobbying by keeping our membership and other riders informed about issues important to motorcyclists so they may advise their legislators.

Since Indiana has a citizen legislature, meaning that being a legislator is not their full time job and the Indiana General Assembly meets for only a limited number of days, things can happen quickly. We must be able to rapidly mobilize our troops and suggest the appropriate call to action so that the elected officials can be made aware of motorcyclists' opinions before the issue is called for a vote.

The true purpose of ABATE's Legislative Information Network Committee (LINC) is to make certain that there is a viable, effective and efficient means to get, not only information, but more specifically, the call to action, out to as many people as possible directing them to contact their legislator(s). Communication trees have served this purpose well for a number of years. If one person contacts six others and each of them contact six more and then they each contact another six, we have quickly notified 216 people. If even ten percent of those contacted actually contact their senator or representative, that's 21 constituents and merits considerable attention. The more people we have involved, the greater the number of riders that are likely to reach out to their legislator(s).

Get involved... Fight for your rights. Make a difference. You'll be surprised by how easy it is and how little time and effort it takes. The sense of accomplishment in actually making a difference, is extremely rewarding.

Legislative Information Network Committee

Who is on the Committee?

Every ABATE member is on the committee.

What is the easiest way to be active on the committee?

Join a communication tree.

What is a communication tree?

A communication tree is a network of active members that can quickly and effectively disperse legislative information by phone, social media and electronic transmission.

We still feel strongly regarding the power of personal dialogue. Direct conversations with a lawmaker on the telephone can indeed be quite influential. Better yet, are personal meetings with legislators. These can be scheduled appointments, or chance meetings at a local parade or county fair. Most of our representatives regularly conduct "third house" meetings within their district. Frequently, there are only a few constituents in attendance at these gatherings and you can gain some valuable one-on-one time with your elected official.

As technology has evolved, so has grass roots lobbying. E-mails are the system of choice for most legislative offices. They can easily log and track activity on an issue to determine how much attention it should receive. In the end, the important thing to remember is to contact your legislator somehow. If you can develop a personal relationship with them so that they actually know who you are, and what you stand for, it becomes much easier to share your opinion and educate them regarding issues of importance to you. That is the epitome of a grass roots lobbyist.

A communication tree is the quickest and most effective method to personally alert members of pending legislation in Indianapolis.

How do I get on a communication tree?

Talk to your county rep or region director and volunteer.

How a Bill Becomes a Law in Indiana

The Indiana General Assembly

Citizen Legislature

The Indiana General Assembly is composed of 150 men and women representing many occupations. Members of the Senate are elected for four-year terms, but not all at the same time; 25 of the 50 are elected every two years. All 100 members of the House are elected every two years.

Citizen legislators are representative of their districts, reflecting the varied needs and concerns of Hoosiers across Indiana. Together, legislators discuss their differing views and work collectively to develop public policies which will benefit the entire state.

Our citizen-type legislature was created to provide citizens with an opportunity to participate in the legislative process, thus allowing them to express their ideas and be a vital link between government and the people.

Election Qualifications

To seek election to the State Senate or House, you must be:

- * A United States citizen
- * A resident of Indiana for at least two years.
- * An inhabitant of your district for one year.
- * Senators must be at least 25 years of age when elected.
- * Representatives must be at least 21 years of age.

Legislative Sessions

The Indiana General Assembly meets for 61 session days in odd numbered years and 30 session days in even numbered years.

The Legislature convenes in mid-November for Organization Day, then reconvenes in early January when regular business begins. Short sessions fall in even numbered years and end no later than March 15th. Long sessions fall in odd numbered years and must adjourn no later than April 29th. Special sessions may be called by the governor.

Between sessions legislators participate in interim study committees where they develop legislative proposals for the following year.

Types of Legislation

Senate Bill/House Bill: Proposed changes to Indiana law are introduced as Senate or House bills.

Senate Joint Resolution/House Joint Resolution: Proposed amendments to Indiana's Constitution are introduced as joint resolutions. A joint resolution must be adopted by two separately elected general assemblies and approved by a majority of Hoosier voters during a statewide general election before the state Constitution can be changed.

Senate Concurrent Resolution/House Concurrent Resolution: Concurrent resolutions address matters of general concern to the Legislature; they deal with subjects as diverse as urging Congress to enact legislation or honoring a high school sports team.

Legislation Status

If you would like to find out the status of a particular piece of legislation during the legislative session, you may reach the Legislative Services Agency at (317) 232-9856 or the Legislative Information Center at (317) 232-9856.

Easy to use computer terminals are available to the public and are located in room 230 of the Statehouse. The terminals are linked to the legislature's bill tracking system.

Calendars listing bills that are scheduled for committee hearings and floor action are available at the agency. Copies of most documents are \$0.15 per page.

LEGISLATION IN UNPRECEDENTED TIMES :

PART 2

In 2020 the legislative process in Indiana continued pretty much as usual. The Global pandemic did not really move to the forefront until after the session concluded. Such was NOT the case in 2021.

In an effort to socially distance, the Indiana General Assembly moved both bodies of the legislature, literally. The 50 members of the Senate spread out on the Senate floor and moved a number of its members to the gallery. With 100 members, the House of Representatives did not feel that there was adequate room in the chamber to provide the required spacing. the House “floor” moved to a very large conference room in the Indiana Government Center South. Suffice to say, there was plexiglass everywhere.

This dramatically impacted “the process”. There were no “live” testimonies for hearings. Those wishing to speak on a bill would sit in a room and have their comments broadcast via closed circuit television to the room that the committee was hearing the bill in. Additionally, since offices, committee rooms and chambers were scattered across the state government campus, the traditional “talk and walk” concept of speaking with legislators was almost impossible. Oh yeah, masks were required at all times, even while testifying.

Inasmuch as this was a general session (long session) the general assembly’s constitutional obligation to establish a biennial budget loomed over the Statehouse. The only other true responsibility of the legislature is to address redistricting very 10 years. Yup, this was the year. Unfortunately, due to redistricting, we will lose some of our friends that are currently seated.

The winner of the year is the story about Senate Bill 303. It is a long and twisted tale, but we’ll try to provide a summary. As the session was about to get underway, we were approached by a long time supporter and friend, Senator Mark Messmer. He had been approached by some ethanol producers and retailers that wanted to revise Indiana’s law regarding “gasohol”. He already knew of the concerns that motorcyclists have related to alcohol in fuel from previous interactions. He was not seeking our support, but did ask if we could not oppose it.

After some discussion and making certain there was some protection for motorcyclists, we agreed to take a neutral position and neither oppose nor support. The protection was in the form of a label to be placed on pumps dispensing this fuel that would state, “ATTENTION : E15 Check owner’s manual for compatibility and warranty requirements.” This was of particular

interest to riders as the Environmental Protection Agency (EPA) has been considering revision of the federal warning label, including the possibility of removing it entirely.

I appeared at the Senate Committee Hearing and presented our concerns about the expansion of this fuel, from a neutral position. Imagine my surprise when the following speaker, representing ethanol producers, testified in opposition. It seems that they were so bothered by the tiny, simple, innocuous label that they were willing to kill the bill, their own bill, to avoid the factual sticker.

Their efforts to stop the bill continued onto the Senate floor, into the House Committee Hearing, through the House, and into the Office of the Governor. While the bill that passed both houses sat on the governor’s desk waiting for signature, they employed an extensive (and I suspect expensive) media campaign urging Hoosiers to contact the governor and tell him to veto SB303.

Ultimately, it was vetoed and the bill is dead... for now. We fully expect them to bring it back and spare no expense to ensure that the new language be “label free”.

It is not so much that we hate ethanol, because we don’t, we just feel that it is critically important for Hoosiers to know what they are buying, what they are putting in their vehicles, and any potential consequences of that.

The 2022 session is again a short one. It looks like the primary areas of focus will be education (allowing parents input regarding curriculum) and healthcare. All indications are that the format will be more traditional. We expect to host grassroots events at the Statehouse this year and encourage you to confirm with your region director or the state office.

ON THE FEDERAL FRONT

The Motorcycle Riders Foundation (MRF) was able to conduct the annual grassroots lobbying event, Bikers Inside the Beltway in May of 2021. The halls of Congress had been pretty much “shut down” for about a year. Many of the offices we visited shared that “the bikers” were the first live, in-person meetings they’d had in a year.

Although motorcyclists were able to maintain some of our previous victories in the newest version of the federal highway bill, we did not get everything we wanted. The anti-profiling resolution has been brought back and is gaining support.

Introduced Version

SENATE BILL No. 303

DIGEST OF INTRODUCED BILL

Citations Affected: IC 16-44-2.

Synopsis: Petroleum product inspection and dispenser notice. Revises certain specifications used in the testing of gasoline and gasohol. Requires that a statement advising customers to check their owner's manuals for compatibility and warranty requirements be displayed on a fuel dispenser from which retail customers dispense gasohol. Makes the failure of an owner or operator to comply with this requirement a Class A infraction. Provides that the requirement remains in effect until the state department of health makes and publishes a finding that regulations of the United States Environmental Protection Agency require the display on gasohol fuel dispensers of a consumer warning related to engine compatibility with gasohol or the potential effect of gasohol use on warranty coverage.

Effective: July 1, 2021.

800-23-ABATE

Effective July 1, 2017, any off-road vehicle rider under the age of 18 is required to wear a DOT helmet anywhere in the state of Indiana. No juvenile fatalities have been reported since the enactment.

ABATE of Indiana represents all motorcyclists. Although we originally concentrated most of our efforts on street riders, we have always been conscious of "all things motorcycle". We also realize that many of us received our introduction to motorcycling by way of the dirt.

Through our legislative activity and the Hoosier Motorcyclists' Roundtable, we found that we were working closely with the off-highway vehicle (OHV) community on a number of issues. In 2010, Discover Indiana Riding Trails (D.I.R.T.) merged with ABATE of Indiana, further demonstrating our mission of representing all riders.

By working collectively, we have been successful in achieving numerous victories for off-road enthusiasts, both policy oriented and legislatively. We insure that dirt riders have a voice on the Indiana Trails Advisory Board and frequently partner with the Indiana Department of Natural Resources on mutually beneficial issues.

Although not involved in enforcement, we work to educate trail users, motorcycle/OHV dealers, community and civic leaders, and the general public regarding OHV laws, rules and regulations.

ABATE of Indiana offers OHV training at Lawrence County Recreational Park. This educational experience has been used to introduce military personnel, law enforcement and families to proper OHV techniques for a number of years.

The OHV community has also become involved in philanthropic activity and has raised more than \$100,000 for Riley Hospital for Children through the Miracle Trail Ride and Race.

ABATE OF INDIANA'S POSITION ON OHV SAFETY

ABATE of Indiana stresses the critical importance of adult supervision for youth riders of off-highway vehicles (OHV). Operators of any vehicle should always be free of impairments. Use of the appropriate gear and size appropriate machines are also encouraged. Riding or operating an OHV can be a safe, healthy and enjoyable experience for the entire family with proper training and due regard for local and state regulations. However, as with any activity, some risks exist. The off-road community must be aware of the risks and do all that we can to minimize them.

The registration process for your OHV can now be completed at any BMV branch.

-Any OHV purchased after December 31, 2003 must be registered through the Indiana Bureau of Motor Vehicles. The cost is \$30 for three years.

-Out of state residents may use Indiana facilities for up to 20 days a year.

-Any OHV purchased after December 31, 2009 is required to have a title through the Indiana Bureau of Motor Vehicles.

Over 60 miles of Trails for the Novice and Experienced Riders

Our scenic trails are designed for all riders. If you're new to the sport, try your skills on the novice route. They're just challenging enough to entertain, but not too intimidating. However, if you are up for a challenge, our expert trails will test your abilities and provide the thrills that brought you to the sport in the first place. Remember that adrenaline rush you got the first time you made that pass that no one else could handle?

Trails for ATVs and Motorcycles

When you ride our trails, rest assured, you will not be overtaken by a large 4-wheeled vehicle. No trucks, buggies or sandtrails are allowed at LCRP — Motorcycles and ATVs only. Enjoy your trail-riding experience with the family while feeling safe and secure, knowing you won't be run over by a "monster truck".

While you're visiting the park, make sure to stop by the Indiana Motorcycle Safety Memorial and walk of remembrance. — SECRETARY —

Secretary: the officer responsible for keeping all the records of the organization, preparing the agenda, handling correspondence, taking and recording the minutes, sending copies of minutes to region secretary/state office and performing other administrative duties that may be assigned by the organization. For more details, see **Articles 5 & 6 of the Guidebook**.

LIST OF ACCOMPLISHMENTS

Part of the records kept by the secretary is the list of accomplishments by the region/county for the year. The secretary should also keep record of sponsors, workers, etc. to be used for awards recognition.

MINUTES

Minutes: the official record of business conducted at a meeting. See **pg 11 of the Guidebook**.

It is the responsibility of the assembly (group) to approve and correct the minutes. If a mistake is found in the minutes at any later time, it can be corrected by bringing it to the attention of the group. This is done by making the motion to amend something previously adopted, or the mistake can be fixed by general or unanimous consent. Many times, the presiding officer, together with the secretary, will review the minutes for accuracy and wording before the secretary puts them into final form. However, neither should insist on a particular wording to change the outcome of decisions made. Write the minutes as soon as possible after the meeting while it is fresh in your mind.

The following sections explain the contents of each part of the minutes, including how to correct mistakes, and how to organize and group material:

THE OPENING PARAGRAPH – The opening paragraph includes the following items:

- Call to Order
- The name of the organization, the date and time, the location of meeting, and the kind of meeting – regular or special.
- The fact that the regular presiding officer and the secretary were present – or the names of their substitutes.

APPROVAL OF THE MINUTES OF PREVIOUS MEETING(S)

- What action was taken on the minutes of the previous meeting (“approved as read” or “corrected”).
- Corrections should be recorded in the minutes of both meetings; that is, in the minutes where the mistake was found, and in the minutes of the meeting where it was read.

For example, the minutes for the meeting on August 3 would read: The minutes of the meeting on July 3 were corrected to read, “the next scheduled meeting is August 7.” The minutes were approved as corrected.

- The secretary then corrects the minutes for July 3 by drawing a line through the mistake, writing above the mistake “August 7,” and initialing it.

THE BODY OF THE MINUTES - The following items are included in the body of the minutes, with or without headings:

- Reports of Officers and Committees (when applicable)
- Special Orders – Election of Officers (when applicable)
- Old Business
- New Business

PROGRAM AND ANNOUNCEMENTS - The following items are grouped together in separate paragraphs and are placed at the end of the minutes:

- Speaker - The name of the guest speaker and the program, if there is one.
No effort should be made to summarize points given by the speaker.
Whenever possible, include materials distributed by the speaker.
- Announcements – Any important ABATE announcements.

For example, if the meeting place and the time are different for each meeting, the chair's announcement of the time and the location is recorded in the minutes.

OTHER - These items are included in the minutes as they occur:

- The results of a counted or a balloted vote.
- The fact that the assembly has gone into a committee and its report.

ADJOURNMENT - should contain the time of adjournment as well as the name of the person submitting minutes.

* Note: Non-ABATE business should not appear in ABATE minutes.

* APPROVAL AND CORRECTION OF THE MINUTES

The minutes are read immediately after the call to order and the opening ceremonies. Minutes may be corrected whenever an error is found. Nothing is ever erased from the minutes. Corrections are made in the margin. When material is taken out, a line is drawn through the words that are to be taken out. Crossed out material should still be readable.

Region & County Treasurer Guidelines

- Please review Region & County Treasurer policies on pg 67 of the Guidebook.
- All counties should send their reports to the region, and the region sends a copy of all county and region reports to the state office.
- A copy of bank statements is to accompany the monthly reports.
- The state office is the only entity recognized by the Secretary of State. We are a 501(c) (3), which is a not-for-profit, educational, tax exempt organization.
- Do not pay sales tax on items purchased for ABATE.
- When planning your event use the budget form located in the Guidebook. Forward original receipts with the final report to the state office.
- After expenses, including insurance, send all proceeds to the state office; Attn: ABATE Foundation, within 14 days of the event.
- If your event is for charity, send the following information to the state treasurer: charity name and address, their federal tax id#, and where to mail the check. See form W-9 in the Guidebook.
- If money is to be returned to the county or region, provide the state treasurer with that information. If you are in need of money for a program or a project, then request a return when you forward your report.
- As a 501 (c) (3), members of our organization cannot profit from it. If someone conducts an event for a member in need of assistance, it cannot be an ABATE event. Do not process the money raised through any ABATE account.

Any products sold by ABATE of Indiana are required to have sales tax collected and remitted to the State of Indiana. The tax is due at the end of the month following the sale. It is very important that any sales tax collected be sent to the ABATE state office by the 5th day of the month following a sale, so that I can be included on the sales tax report sent to the State of Indiana. This includes all items sold. Shirts, cookbooks, photos, and any other item sold requires sales tax. Items given away, such as shirts that are given out “while supplies last” at an event do not require sales tax.

OFFICER TRAINING 2021

Off the beaten path

By Mike McManus

Off the beaten path is often the best way to see a new place. It's a phrase we hear often, but it's not always easy to find. In this article, we'll explore some of the best off-the-beaten-path destinations in Indiana. We'll start with a trip to the Indiana Dunes National Park, a beautiful area of sand dunes and forests. We'll then head to the Indiana State Museum, a great place to learn about the state's history. Finally, we'll visit the Indiana State Capitol, a beautiful building in Indianapolis.

ABATE INDIANA

Hoosier Motorcyclist MAGAZINE

Why should I advertise in "Hoosier Motorcyclist"?

Why? If you are involved in motorcycling, selling to motorcyclists, promoting motorcycle events, or sell something that is of interest to the motorcycling public, the "Hoosier Motorcyclist" is directed to your customers. Each month we mail to motorcyclists across Indiana and around the country.

EVENT FLYERS

FOR SANCTIONED EVENTS ONLY. Flyers can be designed for you at no charge. Only one flyer design will be created per event. This service includes printed flyers that will be mailed to you at no charge (up to 100 flyers). Larger quantities require approval from the region director. Flyers are designed in color and printed in black and white. A digital PDF of your flyer will be emailed to you and made available to download at ABATEonline.org. Standard flyers are 8.5x11. Mini flyers are 4 pocket sized flyers to a page that you can cut apart. Please only request what you need to help the organization keep costs down. The direction of flyers is overseen and executed by our art department. If you would like to direct your own design, you are welcome to design your own flyers and submit them to the office for the magazine.

REQUESTING FLYERS - The sanctioned events list is not a request for flyers. You have to first send a completed request to receive flyers. Requests for a basic flyer should be received a minimum of 2 weeks prior to the date you need your flyers. Not two weeks before your event. Requests for more elaborate flyers with custom art, special formats, mailings or other special requests may require a longer time frame to complete or be declined due to cost, complexity or time restraints. All flyers for sanctioned events must have "An ABATE Foundation Event" visible on the flyer. Sanctioned events, can not have anything relating to gaming on the flyer without proper licensing. This includes but is not limited to poker runs, 50/50 drawings, raffles, door prizes or any game of chance. Flyers can feature the ABATE Family Friendly Event logo upon request.

ARTWORK - We will take care of creating artwork for your flyer. We can not use any artwork you provide without a signed artist agreement (available at ABATEonline.org and in your seminar binder). Requests for specific custom artwork may take additional time or be declined due to complexity or inadequate time frames. If you send a flyer request, asking for your shirt art to be used on the flyer, your flyer request will be held until a shirt request as been received and your shirt art is completed.

APPROVALS - We will not distribute or use flyers for promotion without written approval from the region director via mail, fax or email. We will obtain those approvals for you. Further approvals from other officers may be required if requested by the region director.

MAILING - Flyers are mailed USPS First Class or Priority Mail to the person listed on the flyer request or the region director. We can not send any overnight packages. Please contact our Member Services department about region/county mailings far in advance from when your mailing is needed. Mailings take a significant amount of time to process and deliver.

FLYERS IN THE MAGAZINE EVENT GUIDE - Flyers do not run in the magazine every month. Flyers will run in the event guide, featured four times a year in the Hoosier Motorcyclist magazine. Flyers will not run in the magazine in any other month unless advertising space has been purchased from the editor. Turn in a flyer request for a sanctioned event by the magazine deadline for free submission into the event guide. Completed flyers received after the magazine deadline will be placed on a waiting list and utilized on a first come, first serve basis, if openings in the magazine become available.

SHIRTS AND PROMOTIONAL ITEMS

FOR SANCTIONED EVENTS ONLY. Shirts and other promotional items can be designed for you at no charge and sent to the print vendor of your choice. Designs can be prepared for embroidery, pins, or screen print. Promotional products should be used to increase revenue for the event.

USING THE STATE OFFICE RESOURCES We have vendors that we use for screen printing, pins and embroidery on a regular basis. They provide us prompt, quality service at competitive prices. If you choose to utilize our resources, you will need to provide the state office with a request form. We will take care of creating your art, quotes, preparing your order, getting it approved by your director, placing the order, checking the bill for accuracy, settling any discrepancies with the vendor and billing. If you go through the state office for your order, we will pay the printer on your behalf and then send you a bill for the amount that you will need to reimburse to the State Office. The due date for your bill will be set at 45 days unless other arrangements have been made. Do not pay for your order until you receive a bill.

USING YOUR OWN RESOURCES You may choose to utilize our resources for your artwork, but want to send your art to a different printing company. When sending your art to a different vendor, you will be responsible for obtaining your quotes, processing your order and vendor payment. There may be artwork limitations due to the printer you have chosen and the equipment/software that they use. To avoid problems, provide any requirements your printer may have before your artwork is started. *DO NOT SEND LOW RESOLUTION JPG's TO YOUR PRINTER AS FINAL ART.*

REQUESTING SHIRTS AND PROMOTIONAL ITEMS Only one design will be created per event (some exceptions may apply). Requests for specific custom artwork may take additional time or be declined due to complexity or inadequate time frames. Most projects take less time than what is listed below. Call the state office with your request information to find out details more specific to your project and to pre-schedule your project. Projects that have been pre-scheduled will receive priority.

T-shirts requests for a standard shirt design should be received 6 weeks prior to the date you need your t-shirts. Once an order is sent to the vendor, the average turnaround time is 10 business days.

Embroidery requests for a standard patch design should be received 4 weeks prior to the date you need embroidery.

Pins requests for a standard pin design should be received 12 weeks prior to the date you need your pins. Pins generally have a long production time and can have high minimum quantities requirements.

Requests for specific custom artwork may take additional time or be declined due to complexity or inadequate time frames. If you send a flyer request, asking for your shirt art to be used on the flyer, your flyer request will be held until a shirt request as been received and your shirt art is completed.

ABATE OF INDIANA'S FALL SEMINAR

OFFICER TRAINING 2021

ABATE (American Bikers Aimed Toward Education) of Indiana is a not-for-profit, safety, educational, charitable and advocacy motorcyclist organization. It is our aim to promote safety, protect rights and help others.

ABATE of Indiana represents all Indiana riders, both street and off-road. ABATE has a full-time staff, 350 volunteer officers, and about 100 certified safety instructors, dedicated to serving the interests of all motorcyclists.

ABATE of Indiana's motorcycle safety program has received numerous national awards of excellence and many of the instructors have received the nation's highest honors. More than 140,000 students have graduated since its inception in 1979, resulting in a dramatic decrease in motorcycle fatalities which continues today.

In 1976 ABATE was responsible for the repeal of the state's mandatory helmet law and continues to defend the equal rights of motorcyclists - preserving their freedom of choice. ABATE of Indiana believes education, not legislation, is the key to creating a safer environment for motorcycling.

In addition to promoting motorcycle safety and education, ABATE has also been involved with collecting money for charities and those in need. Over the years, ABATE has raised nearly \$4,300,000 for the Muscular Dystrophy Association! Tons of food and truck loads of toys are donated each year at Christmas time, through toy collection programs. Through various philanthropic endeavors and ABATE Bikers Care (ABC), ABATE has contributed hundreds of thousands of dollars to various local state and national charities, and has been instrumental in raising \$6,799,712.87 for Riley Hospital for Children in Indianapolis.

"History does not long entrust the care of freedom to the weak or the timid" – Dwight D. Eisenhower

Notes:

1. Ridden without a helmet.
2. Ridden without eye protection.
3. Ridden without a reflective vest.
4. Ridden in a group larger than three.
5. Ridden a bike with ape hangers.
6. Modified your engine in any way.
7. Modified your drive train in any way.
8. Modified your transmission in any way.
9. Modified your exhaust in any way.
10. Modified your suspension in any way.
11. Put non-OEM tires on your bike.
12. Worked on your own motorcycle.
13. Had someone who wasn't an authorized dealer/service provider work on your motorcycle.
14. Purchased, considered purchasing, or gone for a ride in a Polaris® Slingshot® or other autocycle.
15. Turned left at a poorly calibrated red light.
16. Ridden in HOV (high occupancy vehicle) lanes in any state.
17. Enjoyed the same road rights as other motor vehicles.
18. Have motorcycle insurance through State Farm.
19. Never dealt with motorcycle only checkpoints.
20. Got a motorcycle endorsement without mandatory safety training.
21. Received your motorcycle endorsement without taking the riding test.
22. Enjoyed motorcycle safety training at an affordable price.
23. Not paid a \$10 motorcycle only tax on each motorcycle registration.
24. Enjoyed the protections of "moped" registration.
25. Enjoyed having to pay for a motorcycle endorsement once for life instead of with every license renewal.
26. Ridden dirt bikes on state-owned land with a friend from out-of-state.

ABATE of Indiana encourages safe and responsible motorcycling, but believes that riders should have the greatest input in that decision.

Frequently Asked Questions by ABATE Members

When a notification of benefits is mailed out, you may receive phone calls from your members with questions. Your positive response will be very helpful in promoting goodwill between American Income Life Insurance Company, ABATE, and your members.

1. What is this all about? Is this legit?

All members are provided a fully paid group Accidental Death and Dismemberment benefit through the co-operation of ABATE and American Income Life Insurance Company. This is at no cost to ABATE or the member.

2. Do we have to return the (yellow) card to receive the benefits?

No, all members are covered for the Accidental Death and Dismemberment benefit whether or not they return their card. If members do not return the card they will not be able to take advantage of the Family Health Services Discount Program or the Child Safe Kit. Members who return their cards can designate their beneficiary intent, receive the Health Services Discount card information, Child Safe Kit(s), and receive a follow-up courtesy visit including additional information on voluntary supplemental insurance benefits for which you may qualify.

3. Are they going to sell me insurance?

American Income offers members additional supplemental insurance benefits. It is a voluntary program.

4. Am I covered only at work?

No, the coverage is 24 hours a day, 7 days a week and will provide coverage for all activities anywhere in the world.

5. How did they get my name?

You were sent a letter and enclosed with your letter was a (yellow) reply card that was sent back to American Income Life Insurance Company. Someone in your home would have sent back the card. AIL contacts only those who voluntarily return the completed card.

6. Someone called and said they are from ABATE:

They are with American Income Life Insurance Company and they are contacting you to set an appointment to deliver the no-cost benefits and your certificate of coverage for the Accidental Death and Dismemberment benefit.

7. Someone dropped by the house:

They are with American Income Life Insurance Company and they dropped by when visiting other members in the area. They probably could not reach you by phone and are trying to set a meeting to deliver the no cost benefits and your certificate of coverage for the Accidental Death and Dismemberment benefit.

8. I had an appointment with AIL and they never showed up:

The policy is for the agent to contact you and let you know they are running late and give you the option to reschedule. Do you have the agent's name? I will find out what happened, and have the appointment rescheduled.

If a member calls with a question other than what is listed above, please refer them to me so that I can make sure their question is answered. I appreciate your assistance in making this program a positive experience for your members.

What is the ABATE of Indiana Legal Services Plan?

The ABATE of Indiana Legal Services Plan is a program which provides legal services, accident investigation assistance, emergency medical information, professional motorcycling education, and legal education to members of ABATE of Indiana, Inc. and their families who are involved in personal injury accidents.

Who operates the ABATE of Indiana Legal Services Plan?

The ABATE of Indiana Legal Services Plan is operated by ABATE of Indiana, Inc. (ABATE). ABATE maintains a "Plan Service Center" in Indianapolis. The Plan Service Center has a national toll-free (24 hour) emergency hotline, which members may use for assistance wherever they are. The ABATE of Indiana Legal Service Plan is administered by the "Plan Administrative Committee."

Who may participate in the plan?

All ABATE of Indiana members, their spouses, and their dependents may participate in the ABATE of Indiana Legal Services Plan. We also extend our services to prospective ABATE members.

What benefit does the plan offer to members?

Legal Services

Injured ABATE members pay only 28 ½% of total recovery and expenses as approved by client, consistent with and conforming to applicable state law. Elsewhere, you may pay 33%, 40% or even 50% of your recovery. And, ABATE members are not charged for recovery of damage to your motorcycle, and have access to a 24-hour toll-free telephone number.

Accident Investigation

If a member in the plan becomes involved in a personal injury accident, the member may immediately notify the ABATE Plan Service Center and the Plan will then provide the services of an accident investigator. The accident investigator will obtain copies of police reports, locate and interview witnesses, photograph the scene of the accident, and provide other necessary investigative services.

Accident Notification

If a participant in the plan becomes involved in a personal injury accident, the member may utilize the national toll-free telephone number to contact the Plan Service Center. If so requested, the Plan Service Center will immediately notify the member's relatives concerning their personal injury accident.

Motorcycle Safety and Legal Educational Programs

The Plan will also provide educational programs, seminars, and information concerning motorcycling safety and the legal rights of the motorcyclist. For motorcycle safety class information call 317-422-8040.

Who may I contact if I have other questions about the ABATE of Indiana Legal Services Plan?

Call 800-25-RIDER. These ABATE attorneys are motorcyclists.

What should I do if I am involved in a motorcycle accident or personal injury accident?

- 1 Immediately contact your legal representative and discuss with him the full facts of your case.
- 2 Never give a statement to anyone other than as is required by the law, before you consult with your legal representative.
- 3 Always (if you are physically able) obtain, or have someone obtain for you, the names, addresses and telephone numbers of witnesses to your accident.

Motorcycle Statistics Fact or Fiction?

Analysis A number of inconsistencies and erroneous conclusions have been uncovered in examining recent data related to motorcycle crashes and fatalities published by the National Highway Traffic Safety Administration (NHTSA), as well as by news outlets reporting on such data. If the information is presented in a questionable manner, then the theories and conclusions derived from the information may be questionable.

Solution Since much of the data is incomplete and without context, the conclusions based upon that data are flawed. The only true solutions to motorcycle safety are proactive measures, which prevent a collision from occurring at all, rather than reactive steps that may or may not offer some level of injury mitigation only after a crash has already taken place. Rider education, which prepares the motorcyclist to interact with other roadway users by learning and practicing the skills necessary for hazard avoidance and developing a strategy to deal with real world traffic, is the primary component of a comprehensive motorcycle safety plan. Additionally, educating all motor vehicle operators to be alert and free of impairment as they share the road with others is critical in deterring crashes caused by inattention.

Training and Awareness are the Keys...

Examples of how the motorcycling community works to address and implement these measures are as follows:

Lobby for state legislated rider education programs and work with state program coordinators to develop, promote and improve training courses.

Present "Share the Road" programs to driver education classes, civic and social organizations and public meetings.

Introduce "Right of Way" legislation that provides prosecutors more opportunities in cases where a motorist's negligence causes injury or death to another.

Create Motorcycle Safety and Awareness Month to remind all motor vehicle operators of motorcyclists' presence on the road.

Deliver "Ride Straight" messages within the motorcycling culture encouraging everyone to ride and drive free of impairments.

FACT OR FICTION?

Motorcycle Riders Foundation, 2221 South Clark Street, Arlington, VA 22202, 202-546-0983, www.mrf.org

Incomplete Data When the authors of a report put forth only some of the data available to them, while ignoring additional important data on the subject of the report, it calls into question the integrity of the results of that report. None of these facts are intended to argue against motorcycle helmet use, but rather to demonstrate that a mandatory motorcycle helmet law is not the quintessential solution to motorcycle safety.

Fact While many point to the recent rise in motorcycle fatalities as proof that the U.S. needs stricter motorcycle helmet laws, there is no evidence to support this premise. For the past two years, traffic fatalities as a whole have been on the rise. According to NHTSA, motorcycle fatalities rose 5.1% between 2015 and 2016. However, their same data shows that motor vehicle fatalities as a whole rose by 5.6%. Like motorcyclists, passenger car occupant fatalities rose 5.1% between 2015 and 2016. SUV occupant fatalities rose by 5.2%, and van occupant fatalities rose by 8.4%. Despite this rise in fatalities for car, SUV, and van occupants, no one is suggesting that that we implement helmet laws for the operators and occupants of cars, SUVs and vans. Why are such suggestions being made with regard to motorcyclists?

Fact Despite assertions to the contrary, there is no evidence to suggest that the presence or absence of mandatory motorcycle helmet laws had any discernible impact on motorcycle fatalities in 2016. In its latest publication concerning motorcycle crashes, NHTSA analyzed motorcycle traffic fatalities for the year 2016. There were 5,286 motorcycle related fatalities in 2016. 2,102 of those fatalities occurred in the 19 states that have a mandatory motorcycle helmet law, as well as in the District of Columbia. 3,184 fatalities took place in the 31 states that either allow adults to choose whether or not to wear a motorcycle helmet, or simply have no law whatsoever on the matter. When we factor in motorcycle registrations we get a more accurate depiction of what those numbers mean. Of the 8,679,380 motorcycles registered in the United States in 2016, 5,199,042 were registered in states that allow adults to make their own choice when it comes to wearing helmets. The other 3,480,338 motorcycles were registered in states that have a mandatory helmet law. That means that the fatality rate per 100,000 registered motorcycles was 60.39 in states with mandatory motorcycle helmet laws, while the fatality rate per 100,000 registered motorcyclists in the states that allow adults to make their own choice was 61.24. That is a less than one percent difference in motorcycle fatality rates between the two groups of states.

Fact There is reason to doubt the veracity of the numbers cited in the latest NHTSA report on motorcycle traffic fatalities, at least when it comes to motorcyclists using the roads and highways on a regular basis. The report starts off by stating that "[F]or the purposes of this fact sheet, motorcycles include two- or three-wheeled motorcycles, off-road motorcycles, mopeds, scooters, mini bikes, and pocket bikes." Data from accidents involving off-road motorcycles, mopeds, scooters, mini bikes, and pocket bikes, should not be used in any serious study of motorcycle fatalities, nor should such data be cited in any serious discussion on ways to reduce motorcycle traffic fatalities; doing so would be comparable to using data from fatalities involving four-wheelers and go-carts to formulate safety strategies for our nation's highways.

Fact Historically, NHTSA has published data on motorcycle crashes and fatalities in a subtly but importantly different way than it has on data concerning motor vehicle crashes and fatalities as a whole. For instance, in its overview of fatal motor vehicle crashes published in October of 2017, NHTSA reported that there were 37,461 people killed in crashes on U.S. roadways during 2016, which was an increase from 35,485 in 2015. They went on to point out that the 5.6-percent increase in motor vehicle fatalities in 2016 is lower than the 8.4-percent increase from 2014 to 2015. No such language appears in NHTSA's publication concerning 2016 motorcycle fatalities, despite the fact that the 5.1% increase in motorcycle fatalities in 2016 is lower than the 8% increase in motorcycle fatalities from 2014 to 2015.

Fact Fatalities due to alcohol impairment are an overall traffic safety problem, not just a motorcycle problem. Because NHTSA issues a yearly report which focuses only on motorcycle fatalities and injuries, it is easy for people to point to that yearly report and conclude that certain factors which contribute to traffic fatalities are unique to motorcyclists. Nothing could be further from the truth. For instance, in its latest report on motorcycle traffic fatalities, NHTSA reports that 25% of motorcyclists involved in a fatality in 2016 were alcohol impaired. They claim that it is the highest percentage of any other vehicle classification. Yet in its overview of fatal motor vehicle crashes published in October of 2017, NHTSA reported that 28% of overall motor vehicle traffic fatalities in 2016 were due to alcohol impairment. That is a 5.6% increase from 2015 according to NHTSA. Passenger cars saw a 3.1% increase from 2015 in fatalities due to alcohol impaired drivers. Light utility trucks saw a 3.6% increase. Vans saw a 23.3% increase, while large trucks saw a 50.9% increase. However, between 2015 and 2016, there was only a 0.1% increase in motorcycle fatalities due to alcohol impaired drivers. The MRF believes that any traffic fatality due to alcohol impairment is one too many. However, it is important to point out that alcohol impaired driving is not a problem unique to motorcyclists.

Hoosier Motorcyclist MAGAZINE

ADVERTISERS NEEDED!

**Earn 25% commission
per ad each month!**

"Hoosier Motorcyclist" magazine needs your help! Advertising is at an all-time low and we need individuals who can meet with local businesses to sell ads in the magazine... AND earn some money!

- How about the place that hosts your meetings?
- Maybe get several local sponsors together to do an ad co-op in the county or region?

If you would like more info or help, please contact Marc at 800-232-2283 or hmc@abateonline.org
