# HOW THE TOUR WORKS

Think of ABATE of Indiana's "Tour Indiana" program as a statewide scavenger hunt designed to encourage people to get out and ride. If that wasn't incentive enough, you can also win cash prizes! How, you ask?

**Points of Interest (POI)** Participants may visit the points of interest listed in this passport. Participants may ride the North Tour (Regions 0, 1, 2, 3, 4), Central Tour (Regions 5, 6, 11, 12) or South Tour (Regions 7, 8, 9, 10, 13) separately, any combination of two, or all three. A point of interest is listed in each Region (two in Region 11). There are five points of interest in each of the North, Central and South Tours (15 total). Participants simply take a picture of their motorcycle and themselves in front of the point of interest, while displaying the cover of the tour book. Couples (riding the same motorcycle) can take a picture of each other with their motorcycle, while displaying the cover page of the tour book. Participants will qualify for 2 chances per picture to win cash prizes for each of these tours they complete.

**ABCs of Indiana** Participants must take a picture of their motorcycle and themselves in front of the name of a city, town or county sign using the alphabet A through Z (there is no K), while displaying the cover of the tour book. Couples (riding the same motorcycle) can take a picture of each other with their motorcycle, while displaying the cover of the tour book. A picture of five of the State Parks and/or State/National Forests is also needed. Participants will receive two chances for each letter of the alphabet, State/National Park or State/National Forest submitted. There are a total of 60 chances available for this tour.

**Sponsor Tour** Visit a sponsor listed on the inside back cover. Participants must take a picture of their motorcycle and themselves in front of the business signage while displaying the cover of the tour book (15 total). Participants will qualify for 2 chances per picture to win cash prizes for this tour. Only one sponsor can be submitted under the same name (i.e. "Pomp's Tire" can only be submitted one time, even though they are listed multiple times). There are currently 41 Sponsors available to choose from for this tour. **BONUS**, all meeting locations listed at the beginning of each region's news section in "Hoosier Motorcyclist" magazine count as additional locations.

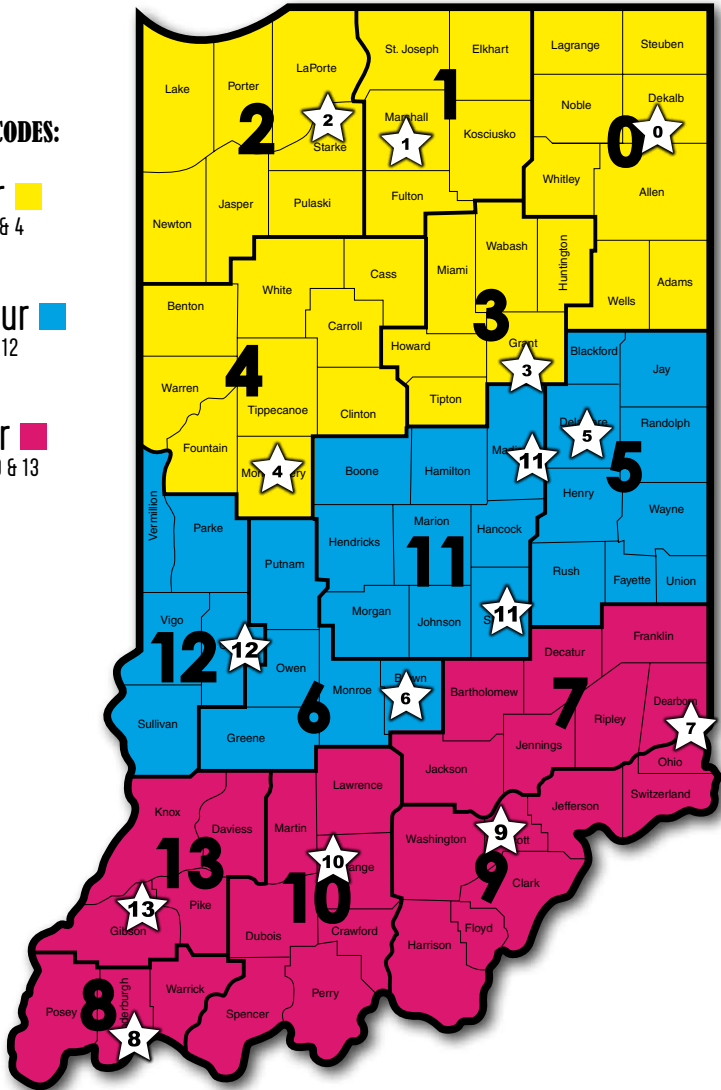

**Bonus** Complete all 5 Tours (3 Point of Interest Tours, ABC Tour, and Sponsor Tour) and receive an additional 15 chances to be evenly distributed among the five tours!

(260) 925-1444

This museum opened in 1974 and is dedicated to preserving the history and cars built by Auburn Automobile, Cord Automobile, and the Duesenberg Motors Company. The museum is located in the former administration building of the Auburn Automobile Company, which operated on this property from 1900 until its closure in 1937. The Auburn Automobile Company had its genesis as a carriage manufacturer, and at its height had more than 18 acres of facilities here. After its closure, the administration building housed a business selling original and reproduction parts for several discontinued manufacturers, including the Auburn, Cord, and Duesenberg nameplates, until 1960.

## Boy Scouts of America Liberty Statue

(GPS: N 41° 20.634 W 86° 18.658)  
501 N Center St, Plymouth, IN 46563  
Open 24/7

There is not much back story about this particular monument but the Boy Scouts of America were behind a program called Strengthening the Arm of Liberty. Between 1949 and 1952, approximately two hundred 8-foot tall replicas of the statue, made of stamped copper, were purchased by Boy Scout troops and donated in 39 states in the U.S. and several of its possessions and territories. The project was the brainchild of Kansas City businessman, J.P. Whitaker, who was then Scout Commissioner of the Kansas City Area Council. The copper statues were manufactured by Friedley-Voshardt Co. of Chicago, Illinois, and originally cost \$350.00, equivalent to about \$4,500 today.

The marker is on North Center Street between Jefferson Street and Madison Street. Located at the East entrance of the Marshall County Courthouse in Plymouth. If you park on Madison St, you might be able to get the "M" and POI.

Open 24/7

We see many military tanks, artillery, and aircraft on display at VFWs across the state however this one is a little different. Tail number 63-7623 was flown by Major John Pardo and 1st Lt. Steven Wayne over Vietnam from December 1966 to July 1967. Lt. Wayne was from right here in Fairmount, class of 60. They flew one mission on May 20, 1967, that put 8 Phantoms against 16 to 22 MIG-17 fighters in two different battle areas. He was credited with two hills in the engagement; note the red star on the splitter plate. He later served as an F-106 Delta Dart instructor pilot and an instructional systems development officer with the Air Defense Weapons Center at Tyndall AFB. 200 Wallace Ave, Crawfordsville, IN 47933

(765) 362-5769

Open 10-5, Tue.-Sat.

Us old timers will probably remember this stop as it was used in 2003 & 2008 but most of you have not seen this one before. It was called the Ben-Hur Museum because General Lew Wallace wrote Ben Hur: A Tale of the Christ. But Lew Wallace was first a copyist of the Marion County Clerk and served as a 2nd Lt in the Mexican-American War. After the war, he became a lawyer and later served as state senator and Adjutant General of Indiana. He was promoted to Major General during the Civil War and is credited for leading troops in the Battle of Monocacy, which saved Washington, D.C., from a Confederate assault.

The entrance to the visitor center is located on the east side of the property on Elston Ave but there is a nice walk entrance on the west side on Wallace Ave. Both are acceptable.

Seating 2,000 fans none of which are over 106 feet from the stage.

The 25-foot-tall Sasquatch was the brainchild of Bear Hollow & Cabins owner, Jason Emmons to showcase the talents of multiple carvers from around the country. A lot of thought went into the structure design before the actual visible portion had even started. In just one week the crew put together a bigger-than-life Big Foot just trying to catch a meal but I don't think he has missed many judging by the condition of the dock he sits on. southeast.

We had to wait to have this one as a POI but it is finally here. The EFRC is the second largest big cat rescue center in the United States, providing a permanent home for non-domestic cats that have been abused, abandoned, or lack habitation for other reasons. They are a 501c3 tax-exempt charitable organization with over 200 acres of land dedicated to keeping the wild in the cats. It cares for ten exotic feline species, including lions, tigers, leopards, servals, pumas, bobcats, Canada lynx, ocelots, Geoffroy's cat, and an Asian leopard cat.

There is not a lot of signage to help you locate the center. From Ashboro on SR 59 turn east onto Ashboro Rd for about 2 miles to the EFRC entrance. From SR 46 you can take Ashboro Rd for a little over 2 miles to the center but be advised, that part of this is gravel. To miss the gravel, continue up 46 to CR 300 E to Ashboro Rd, and the center will be on the right.

Moore's Bridge Rd (390N), Patoka, IN 47666

Open 24/7

The Wheeling Covered Bridge is one of the few covered bridges we have had on the tour that we do not ride over. The bridge was built in 1877 by William Washer over the Patoka River. The builder used the Smith #4 Truss design which incorporated crisscrossing beams with a large open triangle at the bridge's center and served the community until it was closed to motorized traffic in 1976.

The bridge is just west of the intersection of 585 E & 390 N in the community of Wheeling formerly Hirksville. You will want to come in on 390 N as 585 E is gravel.
